Single Site: Participants live at a single complex where Case Management services are provided by on-site staff. Must first pass leasing application with Property Manager before being able to enroll with the program.

Scattered Site: Participants live in a unit in the community and Case Management services come to them in their home.

All PSH Programs require the following:

- Work directly and regularly with a Case Manager
- Home visits at least monthly, more frequently when housing or safety are at risk
- Contribution towards rent (30% of participant income goes towards rent and utilities)
- Work towards goals that will help the participant maintain housing stability and increase independence
- Abide by lease and program rules
