

## Attachment B

### Requirements Related to Adoption of a Housing First Approach to Project Operations

#### 1. Housing First Generally.

- a. For purposes of this RFA, "Housing First" means a model of housing assistance that prioritizes rapid placement and stabilization in permanent housing that does not have service participation requirements or preconditions.
- b. Information provided by U.S. HUD further specifies that:
  - i. Housing First is an approach to quickly and successfully connect individuals and families experiencing homelessness to permanent housing, without barriers to entry, and without related preconditions that might lead to the Program Participant's termination from the Project.
  - ii. Under a Housing First approach, Supportive Services are offered to maximize housing stability and prevent returns to homelessness as opposed to requiring that pre-determined treatment goals be resolved prior to permanent housing entry; however, participation in supportive services is based on the needs and preferences of Program Participants.

If providing Case Management services, in the event of an eviction, displacement, or relocation of a Program Participant from a housing unit, continue the service relationship and the provision of appropriate and necessary services unless/until Program Participant is transferred or terminated from service via the Registry Management process of the Coordinated Entry System (hereinafter "CES");
- d. Notify the CES-designated Point of Contact and assigned Case Manager within two (2) business days of becoming aware that:
  - i) an eviction action has been filed against any Program Participant, or

- e. Notify the CES-designated Point of Contract and assigned Case Manager within two (2) business days of becoming aware of an impending vacancy in any housing unit currently occupied by a Program Participant or the impending availability of a housing voucher or slot currently used by a Program Participant.
